**ON BEHALF OF THE GENERAL DIRECTOR
DIRECTOR OF OGPE**

Nguyễn Quốc Dũng

The appendix “Couplings for the production tubing of Block 09-1”

Item No	Name of Equipment/ Description	Basic specification of equipments	Unit	Q-ty	Price of quotation	Total price
1	Coupling for tubing 4-1/2" # 12.75 PPF; EU; P-110.	- Coupling for tubing 4-1/2" # 12.75 PPF. - The coupling: API external-upset tubing coupling with special bevel in accordance with API Specification 5CT; bevel angle is 20 deg. - Material: P-110 - Thread connection: EU - Working Pressure: 5000 psi - Working temperature: 302 deg F	Pcs	400		
2	Coupling for tubing 3-1/2" # 9.3 PPF; EU; P-110.	- Coupling for tubing 3-1/2" # 9.3 PPF. - The coupling: API external-upset tubing coupling with special bevel in accordance with API Specification 5CT; bevel angle is 20 deg. - Material: P-110 - Thread connection: EU - Working Pressure: 5000 psi - Working temperature: 302 deg F	Pcs	400		
3	Coupling for tubing 2-7/8" # 6.5 PPF; EU; P-110.	- Coupling for tubing 2-7/8" # 6.5 PPF. - The coupling: API external-upset tubing coupling with special bevel in accordance with API Specification 5CT; bevel angle is 20 deg. - Material: P-110 - Thread connection: EU - Working Pressure: 5000 psi - Working temperature: 302 deg F	Pcs	400		

4	Coupling for tubing 2-3/8" # 4.7 PPF; EU; P-110.	- Coupling for tubing 2-3/8" # 4.7 PPF. - The coupling: API external-upset tubing coupling with special bevel in accordance with API Specification 5CT; bevel angle is 20 deg. - Material: P-110 - Thread connection: EU - Working Pressure: 5000 psi - Working temperature: 302 deg F	Pcs	400
