REQUEST FOR QUOTATION INVITATION

Vietsovpetro JV would like to request a quotation for storage and transportation cradles for tubing P-110 EUE thread connections.

1. Requirements:

Goods Details: Please refer to the attached list according to the appendix for storage and transportation cradles for tubing P-110 EUE thread connections (the required quantities, specifications, and technical parameters).

Tubing storage cradle fabricated from welded structural steel sections, designed for safe horizontal storage and stacking of production tubing. The cradle shall incorporate guide pockets for vertical stacking posts and provide positive restraint against rolling, sliding and lateral displacement of tubing during storage, handling and transportation. Each tubing cradle shall be provided with a hinged mechanical locking device and bolted retaining assembly for securing the stacking post as attached picture.

The picture of proposed cradle must be included in the quotation.

- **Delivery Location:** 15 Le Quang Dinh Street, Rach Dua Ward, Ho Chi Minh City, Vietnam.
- **Time of delivery:** 60 days
- **Quotation Requirements:** The quotation shall include the unit price and transportation costs.

The quotation shall remain valid for a minimum of **120 days**.

2. Submission Deadline and Method:

- **Deadline:** before August 03th, 2026
Submission Address: vt.pt@vietsov.com.vn.
- **Contact:**
 - Materials Department: Nguyễn Văn Hiếu – Tel: 0902771705
 - Downhole Technics and
Survey Department: Trịnh Hữu Cần – Tel: 0986386314

Note: This notice is issued solely for the purpose of conducting a market price survey and does not constitute an invitation to bid. Vietsovpetro JV will conduct an open competitive bidding process after the procurement plan has been approved.

**ON BEHALF OF THE GENERAL DIRECTOR
DIRECTOR OF OGPE**

Nguyễn Quốc Dũng

Nơi nhận:

- Như trên;
- Lưu VP, P.VT, KTLG

The appendix “storage and transportation cradles for tubing P-110 EUE thread connections”

Item No	Name of Equipment/ Description	Basic specification of equipments	Unit	Q-ty	Price of quotation	Total price
1	Cradles for tubing 60mm (2-3/8”) P-110 EUE thread connections	6 slots cradles for chrome tubing 2-3/8” with bolt & nut Tubing stacked 4 layers, need 5 layers cradle and per bundle 4 sets of cradles (1 set = 20 EA of cradle use for 24 Joint of Tubing)	Set	150		
2	Cradles for tubing 73mm (2-7/8”) P-110 EUE thread connections	6 slots cradles for chrome tubing 2-7/8” with bolt & nut Tubing stacked 4 layers, need 5 layers cradle and per bundle 4 sets of cradles (1 set = 20 EA of cradle use for 24 Joint of Tubing)	Set	150		
3	Cradles for tubing 89mm (3-1/2”) P-110 EUE thread connections	5 slots cradles for chrome tubing 3-1/2” with bolt & nut Tubing stacked 4 layers, need 5 layers cradle and per bundle 4 sets of cradles (1 set = 20 EA of cradle use for 20 Joint use of Tubing)	Set	150		
4	Cradles for tubing 114mm (4-1/2”) P-110 EUE thread connections	4 slots cradles for chrome tubing 4-1/2” with bolt & nut Tubing stacked 3 layers, need 4 layers cradle and per bundle 4 sets of cradles (1 set = 16 EA of cradle use for 12 Joint use of Tubing)	Set	150
